OLD GLENLIVET.

THIS WHISKY is a blend from some of the most noted Distilleries in Scotland, and is guaranteed to consist of PURE MALT SPIRIT only. It is thoroughly matured, very mellow, and entirely free from any smoky or objectionable flavour.

As large holders of the different kinds from which the Blend is made, we are in a position to allow the various Distillings to become thoroughly amalgamated before being bottled, an advantage which consumers of the article will readily appreciate.

TREACHER & Co. feel that it would be an insult to the intelligence of their Constituents to *put forward* Chemical Analysis and Medical Reports regarding this "Fine Old Spirit," as, however, gratifying these may be in themselves, they are obviously useless as affording a guarantee, that the Spirit offered, is the same as that commented upon.

TREACHER & Co. consider that the proper test of excellence of any article, consists in the demand for it, and judged by that standard, the fact, that, the sale of their "Fine Old Glenlivet" has increased more than tenfold during the past three years, and continues monthly to increase, may be accepted as conclusive proof of its character and value.

COMMERCIAL INTELLIGENCE.

FRIDAY EVENING, 25TH APRIL 1879.

Consols in London yesterday were quoted at 98⅜, a decline of ⅛, but French Rentes were unchanged at 115¼, while Enfaced Rupee Paper was ¼ per cent higher, at 74 for Fours and 79 for Fours-and-a-half.

The weekly return of the Bank of England for the week ending on Wednesday evening shows a further improvement in position, the proportion of the Reserve to Liabilities having increased from 49 7-16 to 50 3-16 per cent.; the Reserve being greater by £700,000 and Bullion by £300,000 while Bills Discounted show a decrease of £100,000. In the open Market the rate of discount on 3 months' Bills is quoted at 1 per cent. and on 6 months' Indian Bank Bills at 1¾ per cent. per annum.

Coffee and Cocoanut Oil remain unchanged in value, and in Seeds the only alteration is a decline of 6d. per quarter in Calcutta Linseed to arrive.

Piece Goods in Manchester continue firm, and according to Reuter Cotton in Liverpool closed firm, with Surats in moderate enquiry, the sales being 15,000 bales, of which 1,000 were Surats, against imports of 47,000 bales. Prices on the spot were unchanged with the exception of an advance of ⅛d. per lb. in Americans, and to arrive the rates quoted by Reuter are the same as received through private sources on the previous day. From New York ready Mid-Uplands is still quoted at 11¼ cents, but July shipment has receded from 12·14 to 11·97 cents per lb. The receipts at the ports are as follows:—

	This week	Last week	1878	1877
Thursday's Receipts	4,000	4,000	3,000	3,000
Six days' do.	29,000	31,000	28,000	23,000
Total since 1st Sept.	4,272,000	...	4,045,000	3,851,000

Bar Silver is quoted by Reuter at 49 15-16d. per oz, but we learn from private sources that the price is firm at 50d. per oz. Yesterday's P. and O. steamer from Southampton brings shipments of £180,000 for this port, making £810,000 now afloat.

Exchange this morning opened firm at an advance of 1-16d. in Bank Bills, but for Private Paper there were still buyers at 1s. 7¼d. for 3 months' sight Credits. A fair amount of business was done at the latter rate and advices from Calcutta coming firm, a stronger feeling was apparent during the afternoon and buyers raised their buying rates 1-16d. At the moment the tendency seems in favour of a further rise, but this is entirely owing to Calcutta as the amount of bills offering here is small and seems likely to continue so up to the end of the season. We now quote:—

Bank Bills, on demand	...1s. 7 5-16d.	per Re.	
Do. 6 months' sight	...1s. 7¼d.	,,	
Credits, 3 ,, ,,	...1s. 7 9-16d.	,,	
Documents, 3 ,, ,,	...1s. 7¾d.	,,	
France 3 ,, ,,	...2·05½ to 2·06.	,,	

In Gold business has been done at Rs. 19-10 per tola.

On Calcutta we still quote demand drafts at ¼ premium for demand, 1¼ per cent. discount for 60 days' sight.

Government Paper continues very firm, and for small amounts comparatively high prices have been paid. We quote:—Fours, Rs. 92; Fours-and-a-half, Rs. 98½ to ½.

The Share Market remains quiet and inactive, and as a general rule values tend in favour of buyers. In Bank shares there is no alteration, Bank of Bombay being still Rs. 660. In Colaba Land shares there is an advance of Rs. 10, Colaba Press are Rs. 25 lower. Spinning and Weaving Companies' are very quiet. Great Eastern are Rs. 5, Jewraz Balloo, Rs. 10, and Prince of Wales Rs. 35 per share lower, whilst Khandesh are Rs. 10 and Oriental Rs. 5 per share higher.

Cotton this morning opened very firm with a partial advance of Rs. 1 per candy, but later on an easier tendency was apparent and a fair business has resulted, in some cases at yesterday's rates but chiefly at a decline of Rs. 1 per candy. The arrivals here yesterday were 7,740 bales, and from the tenor of up-country advices the figures for the coming week promise to reach about 45,000 bales. Closing quotations are:—

Good Ginned Broach, April	...Rs. 224	per candy.	
Do. Oura, ,,	,, 224	,,	
F. G. F. do	,, 219	,,	
G. F. do	,, 214	,,	
Good Dholera May	,, 224	,,	
F. G. F. do	,, 219	,,	

Seeds.—Linseed is very firm at Rs. 7 and for Rapeseed there is a strong enquiry at Rs. 7-3 to Rs. 7-4 per cwt.

Freights are very quiet and practically unchanged. For Liverpool 20s. remains the current figure both by steam and sail, and for the Adriatic ports 25s. per ton payable here.

Piece Goods remain slack, and except for the standard qualities of 39 inch shirtings, which comparitively scarce, the demand is very slow. Prices, however, do not give way, nor are they likely to do so while Manchester shows any firmness.

Coals are still firm and in demand. To arrive further sales are reported of Davison's West Hartley, *via* Cape, at Rs. 21¼ per ton alongside.

LATEST INTELLIGENCE.

THE AFGHAN WAR.

(PUBLIC PRESS MESSAGE.)

AN EXPEDITION AND A SKIRMISH.

SIMLA, APRIL 25.

On the 21st instant Captain Creagh, with a detachment of the Mhairwarra Battalion, was sent to Kamdakka, seven miles distant, to reinforce a village supposed to be threatened. On the 22nd, twelve hundred Momunds crossed the river and surrounded Captain Creagh's detachment; the latter was reinforced from Lundi Kotal, and the whole force returned without opposition to Dakka, having relieved the threatened village. The enemy lost fourteen killed and sixteen wounded; our force had twenty-five casualties.

A force under Colonel Norman had started from Lundi Kotal for Kamdakka, and bivouacked there. Colonel Norman proposed to reconnoitre further down the river.

(FROM OUR OWN CORRESPONDENTS.)

MASSACRE OF ANOTHER PRINCE AT MANDALAY.

RANGOON, APRIL 25.

Another Prince has been massacred at Mandalay of tender years, the son of the late King, by the daughter of the Shan Chief of Theinnee, who refuses to recognize Theebaw's suzerainty owing to the massacre of Mekhara, a Prince who was married to another of his daughters.

The Burmese Government have issued orders to prepare boat-loads of stones to keep ready to block the channels.

MANUFACTURE OF TORPEDOES.

Foreign artificers have undertaken to have a supply of torpedoes ready by June.

A BHUDDIST PROPHECY.

Bhuddist priests, who have returned from British Burma, announce that Rangoon, Thayetmyo, and Tonghoo will be destroyed by fire in the beginning of May.

Ttrade imports have stopped.

NEWS FROM KURRACHEE.

KURRACHEE, APRIL 25.

The weather for the last few days has been exceptional, apparently holding dust in electric suspension and alternating between extreme moisture to dryness. The clouds seemed to point to approaching rain, and the heat, on Monday especially, was very oppressive, a hot wind blowing part of the day.

The head-quarters of the 1st Sind Horse have reached Jacobabad from Bagh on the 18th, and will remain there during the ensuing hot season. There are, however, only 50 sowars in all, the rest having been told off to various duties.

Lieutenant Gavin has obtained three months' leave. A large convoy of camels laden with stores for Sukkur left Sonmiani on the 3rd instant, but have not been able to proceed further than Beyla, owing to some of the camels having strayed and some died, Lieutenant Francis, who was in charge, has returned to Sonmiani. The selection of Beyla as a depôt is regarded as a mistake. The thermometer now stands there in the shade at 104°.

Our Assistant Adjutant General, Captain Stevens, was robbed on Tuesday night of a box containing Rs. 162; a Private of the 5th Regiment, night orderly, is suspected.

THE DUTIES ON COTTON.

LONDON, APRIL 25.

In the Commons last night the Hon. E. Stanhope, Under Secretary for India, replying to a question said, that it was true the Viceroy had reduced the duties on cotton in opposition to the views of the majority of his Council, but that his action in so doing was perfectly constitutional. The Secretary of State for India in 1876, after full consideration, directed the removal of the duties.

Sir George Campbell gave notice of a motion condemning the action of the Viceroy as unconstitutional.

A CORRESPONDENT writes to us :— It is comparatively speaking rare to hear in the present day of depredations on board any vessel in the vicinity of British ports, but still that sort of thing can occur even now judging from the fate met by a small boat laden with grain which left Bombay not many days ago for Bhavnagar. Somewhere between Broach and Anklesvar the boat was suddenly boarded by Waghiers, and the crew which consisted of five men were overpowered; they were then tied to the boat anchor and thrown overboard. One of the unfortunate beings, who happened not to be so securely fastened to the anchor as his companions, managed to disengage himself in the water and swam to a passing boat, from where he ultimately got to land and reported the circumstances. The other four men were of course drowned, but two of their bodies have been recovered. Wagheirs, boat, and cargo have all disappeared, and no trace of them can be found. The boat had on board about 30 candies of grain belonging to a Bombay native merchant named Ragoo Waljee.

THE inconvenience of having no postage stamps to represent exactly the new scale (5 annas per half ounce) of Brindisi letter postage would, we learn, probably have been met by the manufacture of one or more new postage labels had there not been an uncertainty about the permanency of the 5 anna rate. Negociations have been commenced by the British Post Office authorities with the Governments of Italy and France respecting the present high charge for the conveyance of mails by special train across Europe, and if these negociations should prove successful it is possible that the Southampton route might be at once abolished and the whole mail sent *vid* Brindisi at a uniform rate of postage intermediate between the present Southampton and Brindisi rates. Pending the negociations it has been deemed unadvisable to order the manufacture of new postage stamps to suit the Brindisi scale of letter postage.

THE *Civil and Military Gazette* says :—General Watson will command in the Kurram Valley, in the event of General Roberts advancing to support, by a flank movement, Sir Sam. Browne's march upon the Afghan capital.

IN accordance with the recommendation of the Government of India, the Secretary of State has sanctioned the retention of Lieutenant General Sir H. Daly, K.C.B., in the office of Agent to the Governor General for Central India for a further period of six months, dating from the 1st instant.

A MADRAS paper says that several cases of fever, accompanied by violent pains in the joints, have occurred within the last few days in Royapuram and its suburbs. In one case the patient, a Parsee, was completely crippled, and it was with great difficulty he was able to move his limbs. We hope we are not in for another outbreak of the dengue.

THE *Englishman*—We congratulate the stewards of the Calcutta races on the capital programme which they have offered to owners, as well as spectators, for next season's meeting. Each day's card contains a hurdle race, as well as flat races, for all classes of horses; the terms of entry are in most cases liberal, and the prizes offered are well worth winning. The Viceroy gives a cup as usual.

WE (*Civil and Military Gazette*) hear that Brigadier-General Michell will have command of the Rohilcund district when he returns from field service. Brigadier-General Massy has passed through Lahore to take over the command of the Sialkote Brigade. He assumes the Rawal Pindi division temporarily in place of General Bright.

THE *Englishman*—The present prospects of the opera scheme for the coming season are far from discouraging, and we venture to hope that the efforts of the committee will be attended with ultimate success. Rs. 50,000 was the sum fixed upon as necessary to guarantee the Impresario against loss, and the understanding was that the subscription should be kept open till the 31st May, when, if the amount named were not forthcoming, the committee should be dissolved. It is now the 23rd April and a little more than Rs. 30,000, or about three-fifths of the sum required, has been subscribed. Twenty-two boxes and forty-three stalls have been engaged, and it is hoped that during the next five or six weeks the deficiency may be filled up.

A CORRESPONDENT writes to the *Madras Mail* from Mysore :—"I have unfortunately mislaid your paper in which there was a small leader referring to the effects of famine in diminished births in Kurnool. It is a notorious fact that in all districts, Madras and Mysore alike, the deaths are always returned as far in excess of the births. The machinery for registration of births is imperfect, whilst the fact of death is more notorious. I write, however, merely to inform you from close observation of my district, that births are greatly on the increase. In fact babies are now to be seen everywhere. And it is a strange fact that beasts have also increased in fertility, especially cows and sheep. The lambing and calving seasons have been wonderfully prolific this year. The above are facts not only noticed by myself in my tours through the district but also by experienced revenue survey officials, who see much of the interior. A wonderful deal of rain for years has really anything to do with the seasons. The name of last year was Bahoo Dhanea, *i.e.*, much grain or abundance, and it was in fact a year of plentiful harvests. In the Pettah and cantonment of Bangalore, where there are Municipalities and proper machinery for registration of births and deaths, the birth rate has for some months past been in excess of the death rate."

A CORRESPONDENT writes from Kurram under date April 10th to the *Civil and Military Gazette* :—"The Commander-in-Chief has come, and seen and spoken. On his route from Thull to the Peiwar, all the regiments passed on the road were inspected, and at Badish Kheyl, fourteen miles from Kurram, part of the Punjab Chiefs' Contingent composed of infantry, cavalry and three guns under Captain Pearson, R. A., who are guarding this important part of the valley, were drawn up in line. On the afternoon of the day of arrival at Kurram, a review of the troops then present in garrison was held, after which the Commander-in-Chief addressed General Roberts and with his staff were drawn up in front of the troops. General Roberts, the officers, and men of the Kurram force were congratulated on their recent gallant deeds within sight of them, and also the absentees, G-3 R. A., the 2 8-h Regiment and the 72nd Highlanders, "the back bone so to speak of the force." The gallant deeds of the Khyber and Kandahar columns were then mentioned at some length. The Commander-in-Chief then continued, "I am delighted, General Roberts, with the appearance of the troops. It is simply magnificent."

THE *Civil and Military Gazette*—Writing under date the 18th instant, one of our agents at Jallalabad says that reports of an approaching peace are prevalent in that city, and he adds that the mullahs are opposed to this, and bent on exciting the tribesmen and their chiefs to a continuation of hostilities. He also states, but does not vouch for the truth of the story, that two Mahomedans of the Guides have deserted, taking their arms with them. From Kabul itself but little news had been received up to the 18th, beyond the rumour that Daood Shah, the Commander-in-Chief at Kabul, had recently been put to death. His supposed fate was connected with the capture, in Daood Shah's own house, of three Europeans, whom the bazaar people described as spies, and alleged to have been imprisoned in the Bala Hissar.

DURING the passage of the armour-plated ship Audacious through the Suez Canal, on her way home from China, she accidentally grounded, and her screw-shaft was bent by coming into collison with some obstacle. On the vessel being docked at Chatham it was found that her shaft was nearly two inches out of the straight. To have taken it out to straighten it would have caused a great outlay of money and labour, and so a new plan was adopted. A portable forge, specially prepared, was placed under the shaft, and when it was sufficiently heated powerful hydraulic rams were brought to bear upon it, and after some trouble the shaft was straightened.

THE following taken from the *Anglo-Brazilian Times* will give some idea of the progress so far of the dispute between Chili and Bolivia. "Bolivia having declared null the railway and nitre concession held by Chilians in the island of Autofogasta, and taken possession of the nitre mines upon the plea that payment was refused of the tax on exported nitre, and, as the Chilian Government alleges, having returned no answer to its protest the Governent of Chili embarked 1,000 soldiers, 100 artillerists, and some cannon on the corvette O'Higgins. On the 14th of February these troops, protected by the ironclads Almirante, Chochrane, and Blancho, Encalada, occupied Autofogasta, and afterwards the mainland ports of Caracoles and Mejilones, establishing Chilian authorities, and declaring the occupied territories reassumed because Bolivia had broken the treaty of 1856. On receipt of this news at La Paz, the war excitement became so intense that the Minister of Foreign Affairs, who was favourable to an arbitration on the dispute, was forced to resign, and Serapio Ortiz, a noted enemy of Chili, received the portfolio. Levies were ordered and a concentration of troops was begun at Calamo. In view of this, the Chilian Government, as we learn by telegrams from Valparaiso to February 27, had marched 2,000 regulars to Valparaiso to embark in chartered transports, and was sending its whole squadron to Bolivia. A patriotic loan had also been started, and a million dollars was subscribed in one day. In Peru the press was hostile to Chili. The President had convoked Congress and the squadron was fitting out to go to the seat of disturbance. An offer to mediate had been made by Peru, which some telegrams say was rejected by Chili, but others say would be accepted. Cobija was not occupied by the Chilians."

A STRENUOUS effort is about to be made to induce the French Parliament to vote a law of divorce; none exists in France at present. Such a law was voted in 1792, on the ground that an indissoluble tie was at variance with the principle of individual freedom; and it remained in force until the Restoration. This law gave rise to great scandals, and under its operation there were something like 30,000 divorces in a year. The Directory more than once threatened to repeal it, and Napoleon deprived it of its most objectionable clauses. Since 1816 several unsucessful attempts have been made to get a new law passed. Under Louis Philippe the Lower House three times voted a divorce bill, but on each occasion it was thrown out by the Peers, and another bill brought in during the Republic of 1848 shared a similar fate. At present the law only allows of separation; and some statistics recently printed show that in the course of twelve years there were 36,492 demands for separation—3,099 on the part of the husband, and 32,763 on the part of the wife; and this in spite of the unjust partiality in which a separated woman is placed. This is such that she can perform no civil act without the authorization of her husband, who retains the right of watching over her conduct and of procuring summary punishment in the case of her misbehaviour. As illustrating the hardship of the present law, it is stated that not long ago the Princesse de Beauffremont, unable to obtain a divorce in France, became naturalized at Dresden, and as a German subject married again. The Prince, however, unless he renounces his nationality, will not be able to marry again. It is alleged also that in the case of crime the want of a law of divorce is severely felt. A husband commits murder and is condemned to hard labour for life; the wife can obtain no release. The case is even harder where a ruffianly husband is condemned to a long term of imprisonment, and on leaving gaol or returning from New Caledonia can reclaim his wife. The other day a husband who had brutally ill-treated his wife, deserted her, and spent all her money with women of bad character, brought an action against her for adultery; and an indignant court was obliged to sentence a dying woman, who could hardly give her evidence, to two months' imprisonment.

EFFICIENT FOREST GUARDS, OR A WORD FOR THE POOR TIGER.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—In these days of economy, has it never occurred to Government that they yearly waste a very large sum of money by paying for the destruction of wild animals, the natural guardians of the forests, and substituting for them high paid and inefficient peons? Your peon, unless a jungle man, dares not enter the forests at certain seasons of the year; and his sense of duty will never overcome his natural fear of fever, wild beasts, and witches. The wild beasts, on the other hand, range their charges most effectively, and cannot but exercise a considerable check on all pilferers except the jungle people who know how to keep on good terms with them. And these natural guardians are being exterminated in answer to the womanly outcries of Exeter Hall!

And this is not the only reason why Government should leave the poor brutes alone. What is the youth of the country to come to in these days of enervating education and civilization? Enervating they are admitted to be. There is no fighting nowadays, and Governments are depriving our lads of the only means left of counteracting this enervating tendency. In former days the cultivator might be seen driving his plough with his target at his back and his sword at his side. Circumstances compelled him to be manly and self-reliant. He is now generally a poor cringing thing expending his superfluous energy in dissipation and litigation. Those of us who are not old to the country often wonder at the terms of friendship and respect for the native in which our predecessors indulged—we never hear such from our contemporaries. Those expressions are used by Englishmen who in former days found manly natives with whom they could have some sympathy. Only yesterday I met one of the old school. He had no teeth left, and his flowing moustache was white as snow, but his eye sparkled as he babled of the early sahibs, and grasped his *talwar* without which he is never to be seen. The existence of wild animals will at all events give the native youth the chance of enjoying manly sports.

Through all English history in India sport has been a great instrument in bringing Englishmen and natives together. The Englishmen in the jungles are all officials, and it is very hard for them to get off official terms with the people they rule. The common danger in hunting the tiger has often brought us to know natives better, and to like them better. You think very well of a man who has perhaps blown a tiger off you, and you are not inclined to think all natives cowards after that. Our ordinary life gives no incidents of this kind, and the usual demeanour of natives does not make us respect them. Your Monier Williams was a man with an extra large heart and had not had a judge's or magistrate's experiences. As a rule, it is absolutely true that it requires some effort or incident out of the common to make official Englishmen look at the good side of native character. The poor tiger is a humble but very effective instrument in this respect, yet our clear-sighted Governors try to exterminate him!

The prowess in sport of many of our greatest Anglo Indians has been of vast service to Government in the earlier times. Outram was only one. We have read in the old *Oriental Sporting Magazine* how Captain Outram stood at the mouth of a tiger's cave armed with a spear only and he actually used it. His friends had taken the precaution to cover him with their rifles or he would have found that his thrust took only one of the tiger's lives. Has the tiger still no value in this respect? It might be said that gratitude is due to the race which has helped us so, but that is a quality that princes, and, I suppose, Governments ignore.

The effect of sport on the health, vigour, and temperance of Europeans was touched on by Sir Richard Temple in his temperance lecture the other day. Sportsmen are the pioneers of temperance, and the tiger is the only animal worth shooting on a very hot day. They do some harm, it is true, but they also do good both directly and indirectly. They keep down destructive game, amongst them pigs. I have just heard of a boar killing a man. I dare hardly mention it for fear of Government giving rewards for the extermination of the second noblest animal of the jungles. Tigers are, however, very rarely dangerous unless deliberately interfered with. They kill cattle; but there are hardly enough of them to do much damage in this Presidency now-a-days, and the carelessness of the owners is generally the cause of loss. It is in keeping our cattle that they are such valuable forest guards.

Government has been very liberal under the Arms Act, and there are heaps of guns everywhere. Is it not time that Government ceased to discharge the unsportsmanlike, short-sighted, and expensive task of encouraging the destruction of wild animals. People can defend themselves, and the spirit of sport in Europeans and natives is sufficient to prevent any increase of the dangerous kinds. Surely the sportsman's ecstacy is sufficient.

A SALUTE of 17 guns will be fired from the Saluting Battery to-day at sunrise on the occasion of the arrival of His Excellency the Governor of Bombay. A similar salute will be fired at 5 p.m. on the departure of His Excellency to Carwar.

THE SECOND CRIMINAL SESSIONS.—The business of the Second Criminal Sessions of the High Court terminated yesterday, being the eleventh day of the sitting.

THE VEHAR LAKE.—The height of water in the Vehar Lake for the week ending Saturday, 19th April, was 50 feet and 3 tenths. In the corresponding week last year it was 46 feet and 9 tenths.

A NATIVE PERFORMANCE.—At the theatre opposite the Arthur Crawford Markets, the members of the Natak Gutejak Mandli perform this evening the popular piece of "Love-Kush," under the patronage of Mr. Byramjee Jeejeebhoy, C.S.I. It is the same company which represented a few weeks ago selections from various dramas before H. E. the Governor and the Hon. Mr. Gibbs, and on which occasion the warmest approbation was exhibited of the acting of its members. The scenery and other accessories have been admirably got up, and the house is crowded on every appearance of the company, which enjoys the confidence of the playgoing natives of Bombay. A crowded house is anticipated to-night.

CORPORAL PUNISHMENT.—A Goanese, named Braz Pedro, was yesterday sentenced by Mr. W. Webb to receive twenty-five stripes for stealing ten soda-water bottles, valued at Rs. 1-8.

ASSAULT.—A Hindu, named Visram Durmo, was yesterday fined Rs. 20, or in default to one month's rigorous imprisonment by Mr. W. Webb, for committing an assault against the person of Dewsey Dewdhur.

DEATH FROM SNAKE-BITE.—A Coroner's inquest was held yesterday at Lower Mahim on view of the body of a Hindu labourer who died two hours after he had been bitten by a snake on a finger of his right hand whilst asleep. A verdict was returned accordingly.

FABRICATING A FALSE CHARGE.—A Hindu, named Pandoo Farra, was yesterday sentenced by Mr. W. Webb to six months' rigorous imprisonment on being convicted of fabricating a false charge against Kooka Dhoela and Dawka Limba, of voluntarily causing hurt, well knowing at the time that the charge was unfounded.

BREACH OF THE PORT TRUST ACT.—Three tindals of native craft were yesterday convicted by Mr. C. P. Cooper of sailing their vessels in the fair-way on the night of the 24th instant without exhibiting lights. They were each fined Rs. 10. Three other tindals were also convicted yesterday by the same Magistrate for not exhibiting lights while at anchor in the fair-way on the night of the same date, and were fined Rs. 15 each.

CHARGE OF THEFT AGAINST A WIFE AND FATHER-IN-LAW.—Yesterday, a Hindu, named Bhana Khimjee, appeared before Mr. Nana Morojee and applied for summons for the arrest of complainant's wife and father, charging them with theft of sundry gold and silver ornaments and wearing apparel, &c. of the value of Rs. 240. The Magistrate granted a warrant for the arrest of the man only, and a search warrant for the seizure of the alleged stolen property.

FRAUD.—Two Hindus, named Hooka Jadowjee and Dongeresy Hooka, were yesterday charged before Mr. W. Webb with fraudulently and dishonestly diminishing the weight of the Queen's coins, and prisoner No 2 with delivering one of the said coins to Shaik Mahomed Shaik Mugdoom, and prisoner No. 1 with the abetment of the above offence. The circumstances of the case are briefly :—It appears that the two prisoners had been in the habit of diminishing the weight of certain rupees by some chemical process, after which they endeavoured to pass the coins in the bazaars, but were detected by the prosecutor, who, on receiving a rupee from each of the prisoners discovered that the one was lighter than the genuine rupee. He then handed both the prisoners over to the custody of the police, and also the money that he had received from them. The police, on searching the prisoners' residences, discovered the implements and materials used for their nefarious purpose. The case stands adjourned for further hearing to the 2nd proximo, the prisoners being remanded to jail.

THE NOTORIOUS HURRY NAIK'S CASE.—We understand that the case of dacoity in which the notorious Hurry Naik took a most prominent part, is fixed for hearing before Dr. A. G. Frazer, the Railway Magistrate, on Monday next, the 28th instant.—*Deccan Herald.*

MR. ACKBAR ALLY.—This zealous police officer, who was recently wounded in his desperate encounter with Hurry Naik and his gang of dacoits, arrived from Baroee by the Sholapur mixed train yesterday evening. Mr. Ackbar Ally has come to Poona on privilege leave for six weeks, and although weak and still in pain, we are glad to say he is very much better. Out of the reward of Rs. 1,000 offered by Government for the capture of Hurry Naik, Mr. Ackbar Ally received Rs. 600, the balance having been distributed to the members of the police force, who assisted him in his daring encounter.—*Deccan Herald.*

WILSON'S GREAT WORLD CIRCUS.

WE would draw attention to the announcement that to-day, in the afternoon and evening performances, the Gregorys, who have given such fine exhibitions of gymnastic skill, will appear for the last time; and as the feats which these great athletes perform on the horizontal bar and trapeze are but seldom witnessed anywhere, we would advise all to go and see them on these the last occasions of their appearance in Bombay. New equestrian acts by Mr. E. Lee and La Petite Adele, as well as wonderful somersaulting by Talbot Shields are promised; and the comic element is also to put forth several novelties.

GRANT ROAD THEATRE. "OUR BOYS."

THOSE of the Bombay public who had the pleasure of being present at the dramatic performances given at the Grant Road Theatre some few weeks ago, by Miss Annie Firmin, Mr. C. Wheatleigh, and Mr. John Jack, will doubtless have been very gratified on learning of the return of these artistes together with a numerous and efficient company, who have been connected with the appearance, both in America and in Australia, of the highly popular comedy "Our Boys," which they produce for the first time before a Bombay audience this evening. The great popularity of this piece, and the unprecedented length of the run which it had in London, together with the well known ability of the artistes, who are cast for its very original characters, will, we are sure, draw together a large audience at Grant Road this evening, and to all we can promise a most enjoyable evening's entertainment.

RIFLE SHOOTING.

HIS EXCELLENCY the Governor in his late speeches to Volunteers entirely omitted to notice the shooting of the "G" Company (Poona Detachment), Bombay Volunteer Rifles. This company has 82 men exercised, and its 'Figure of Merit' is 105·40. The classification of the shooting stands thus :—First class shots 27, second class 37, and third class 18. The Company has 21 marksmen; and for the second year has the 1st and 2nd Battalion shots. The following are the names of the marksmen, with the points obtained by each :—

VOLUNTEER RIFLE SHOOTING.

A MATCH was shot off at Coorla yesterday morning between teams of E and D Companies, Bombay Volunteer Rifles. The conditions were :—seven men aside. 500 and 800 yards, seven shots at each distance. The D Company team was rather handicapped, because two of the best shots in the company were unable to attend. The result was that E Company won by 61 points with a grand total of 286, or 8 short of average centres. Scores :—

NURSEY KESSOWJEE AND CO.'S INSOLVENCY.

EXAMINATION OF KESSOWJEE NAIK.

THIS examination was resumed yesterday.

The share transactions again formed the chief item in the witness's examination. This witness was also examined as to various debts due to him, which had been transferred from his own account to that of Nursey Kessowjee and Co., with a view to showing that the parties by whom the various amounts were due, were unable to pay the accounts at the time the transfers were made. He stated that he transferred the debts at the time he did, because he was unwell, and was desirous of retiring from business. The agreement with Nursey Kessowjee and Co. as to the share transaction was made about six years ago. He could not point out any transfer of debts to Nursey Kessowjee and Co., previous to 1879. All the partners knew of the agreement with Nursey Kessowjee as to the shares. The agreement was made at his bungalow, and he did not remember that there was any one present but his son, Nursey. The partners were in the habit of going to witness's bungalow on Sundays, and on the Sunday after the agreement was made he cautioned them to be careful in purchasing shares for him, as, in the event of anything going wrong, they would be held responsible. He did not think it necessary, on account of his illness, to resign his positions in the various companies at the time he gave up the share business, previous to the last Dewalli.

Mr. Macpherson—How was it that, if you intended to give up your share business, you purchased 500 shares in the Fleming Company last December.

Witness—I was destined by God to lose my money, and I purchased the shares. (Laughter.)

In reply to further questions, the witness stated that he bought the shares because he thought he could make a profit by them. He purchased the shares at 300 rupees less than he had previously purchased them.

Mr. Macpherson—The Alexandre, the Nursey, and the Colaba shares had all gone down during the same time. Why did you not purchase some of these?

Witness—All the waters of the ocean are not my own. (Laughter.)

In continuation the witness admitted that there was no entry in his books as to the purchase of these 500 shares. He was aware that they were not entered in Nursey Kessowjee's books. The 500 shares were purchased by Nursey Kessowjee and Co., but witness procured the money to pay for them from the Bank of Bombay, and paid it over to a broker. For this reason, the purchase was not entered in Nursey Kessowjee and Co.'s books. In his opinion, the transaction ought not to have been entered in Nursey Kessowjee and Co.'s books because the money had not been paid.

The examination will be continued to-day.

THE SECOND CRIMINAL SESSIONS.

ELEVENTH DAY, FRIDAY, 25TH APRIL.

(Before the Hon'ble Mr. JUSTICE BAYLEY.)

THE MILL DEFAMATION CASE.

NUSSERWANJEE MERWANJEE PANDAY and Dorabjee Framjee Panday were charged with having in November 1878, with intent to harm the reputation of Nusserwanjee Aadasir Wadia, published a pamphlet containing imputations defamatory of him. Mr. Gill and Mr. P. M. Mehta, instructed by Messrs. Smith and Frere, appeared for the prosecution; and Mr. Inverarity, instructed by Messrs. Crawford and Boevey, for the defence.

The accused were allowed to occupy chairs outside the dock. The trial being resumed before the same special jury, Mr. Gill said he would not call Mr. Sayani as a witness as he intended to do, but closed the case for the prosecution.

Mr. Inverarity, in addressing the jury, said he should satisfy them that any imputation made by the defendants, was made in good faith, and not only that, but that they believed it to be founded in fact; and it was in reality founded in fact. It was therefore for the prosecution to have shown in the first instance that malice actuated the defendants; and as they had not done so, his learned friend could not now be permitted to call rebutting evidence. The defendants were interested in the mills to the extent of six or seven lakhs of rupees. The prosecutor had accused them of malpractices and of dishonesty. He sat naked them in a very gross manner in 1878; and in November 1878 the resolution was proposed by Ally Mahomed censuring the agents. The learned counsel asked the jury to presume with him that it was proposed in concert with the prosecutor. The latter declared as chairman that the losses of the mills were due to the mismanagement of the agents; and hearing that remark made, Ally Mahomed pulled out the resolution from his pocket. It commenced with the words "after hearing the explanations given by the chairman," which in themselves were evidence of preconcert with the prosecutor. Defendants were not allowed to say a word in their defence; and the meeting dispersed before they could say anything. Was it to be tolerated that the agent should hear gross accusations made against them and should not be given an opportunity of defending themselves? They issued the report a few days before the meeting in November for the confirmation of the shareholders, well-knowing that they would be prevented by the prosecutor as chairman from giving their explanations at the meeting. In publishing their statement, they published every document that told against them; and that was a strong proof of their *bona fides*. They placed all the facts before and against themselves before the shareholders in order to enable them to judge between themselves and the chairman. The learned counsel said he was prepared to show by evidence that every statement made by the defendants was true; but he thought, upon the authorities he cited, that his Lordship would tell the jury that it was scarcely necessary for him to go to it, for it was enough if the statements were made in good faith. They were necessarily made in self-vindication, and there was no evidence of malice whatever. No gratuitous imputations, no false accusations had been made, in all that was stated by defendants was stated only in self-defence, and the whole was founded in fact. The defendants did not use half the strong language that they might have used; and they might have said a great many things against the prosecutor which they did not. Two independent directors of the company, Messrs. J. R. Mody and Pestonjee Kawasjee, had, months before the publication of the report, stated in their minutes the very things against the prosecutor which the defendants reiterated in their report. The *onus* lay upon the prosecutor to prove that the statements were untrue; but he had not proved it. The prosecutor's career had in fact been so disgraceful as to make any honest man loath to associate with him. He was known in the courts as a promoter of suits; but it was not known until yesterday what a thorough scoundrel he is. The only regret was that he had been so long in being found out. The learned counsel then related in detail the prosecutor's dishonest deal

OXYGEN IS LIFE.

Although the modern Materia Medica includes many valuable remedies, it is a matter of certainty that in all cases where the animal vitality is failing, Phosphorus is decidedly superior to every other remedy at present known. It will work effects such as nothing else will produce, and it possesses a clear and advantage of not causing, when its use is relinquished, the slightest reaction or depression.

Until the introduction of Dr. Bright's Phosphodyne, Phosphorus was but sold on prescribed as a Medicine, owing to the difficulty in so preparing it that its action could be kept under perfect control. It had been used in Almond and Olive Oils, in Sulphuric Ether, in rectified Alcohol, in Chloroform, and in several other substances; but however valuable it has been found in all the hitherto known methods of its preparation, certain irregular results have been experienced, which have led Physicians to neglect it for general purposes, and to employ it only in extreme cases. But in the form of Dr. Bright's Phosphodyne, its invaluable action on the human system is realized with ut any of those drawbacks which previous modes of administration have invariably produced.

CAUTION.—PHOSPHORUS is sometimes sold in the form of Pills and Lozenges; it should be generally known that every form where *solid particles* of Phosphorus are in combination is highly dangerous. It is, therefore, necessary that the public should be cautioned against the use of any preparation of Phosphorus not perfectly soluble in water.

Protected by Royal Letters Patent, dated October 11th, 1869.

UNDER DISTINGUISHED PATRONAGE.

DR. BRIGHT'S
PHOSPHODYNE.
(OZONIC OXYGEN)

THE NEW CURATIVE AGENT, AND ONLY RELIABLE REMEDY FOR INDIGESTION, NERVOUS AND LIVER COMPLAINTS, AND ALL FUNCTIONAL DERANGEMENTS.

THE remarkable efficacy of Dr. Bright's Phosphodyne is now well known, and is acknowledged by the first medical men in Europe, by whom it is recommended as the most elegant and efficacious medicine hitherto discovered for Weak and Shattered Constitutions, Nervous Debility, Aversion or Incapacity for Study, Trembling of the Limbs, Indigestion, Nausea Complaints, Flatulence, Liver Complaints, Shortness of Breath, Drowsiness, Pains in the Head, Pimples, Impoverished Blood, and all diseases caused by a long residence in tropical climates, for which iron, mercury, iodides of potash, &c., are not only given in various forms, but very often to the destruction of the patient's health.

The beneficial effects of the Phosphodyne are frequently shown from the first day of its administration, by a remarkable increase of nervous power, with a feeling of vigour and comfort, to which the patient has long been accustomed, entirely overcoming that dull, inactive and sluggish disposition which many persons experience in all their actions.

DR. BRIGHT'S PHOSPHODYNE

Is sold in cases at 10/6 or in Family cases containing one dozen 10/6 each at 55 by all Chemists and Patent Medicine Vendors throughout the Globe.

*** In India, China, Cape of Good Hope, &c., DR. BRIGHT'S PHOSPHODYNE is generally sold at an advance on the English Price.

☞ PIRACY! CAUTION.—Beware of a Worthless Imitation of Dr. Bright's (THE ONLY GENUINE) Phosphodyne and the only Medicine of that name recommended by the Medical Faculty.

Full Directions for use in the English, French, German, Italian, Dutch, Spanish, Portuguese, Russian, Danish, Turkish, Persian, Hindustani, Mahrassee, Bengalee, Chinese and Japanese Languages, accompany each case.

☞ CAUTION.—The large and increasing demand for Dr. Bright's Phosphodyne has led to several WORTHLESS IMITATIONS bearing similar names; purchasers of this medicine should therefore be careful to observe that the words "Dr Bright's Phosphodyne" are blown in the bottle, and that the directions for use are printed in all the languages as above, without which none can possibly be genuine. Every case bears the Trade Mark and Signature of Patentee.

DR. BRIGHT'S PHOSPHODYNE is patronized by the Aristocracy and the *Elite*, extensively used in the Army and Navy, and strongly recommended by the leading Medical Practitioners.

The high estimation in which Phosphorus is held, is unquestionably due to its administration in the form of Dr. Bright's Phosphodyne. Its extraordinary success has induced unscrupulous competition and worthless imitations.

THEREFORE ASK FOR
DR. BRIGHT'S PHOSPHODYNE.
And do not be persuaded to take any
Useless and Possibly Dangerous Substitutes.

FOUNTAINS, DESSERT SETS & CRUET FRAMES.
THE PORTABLE FOUNTAIN AQUARIUM.
(STORER'S PATENT.)

THIS VERY HANDSOME AND INGENIOUS NOVELTY FORMS AN ELEGANT ADDITION TO THE DRAWING-ROOM.

The Square ebonized base is 42 inches in height and 15 inches across; it is relieved with gold, and is tastefully draped with colored cloth and fringes. The Bowl is 12½ inches deep and 14 inches in width; it is composed of very strong Plate Glass, relieved with a gold band on the top edge.

There is plenty of room for gold fish and other denizens of the Aquarium. In the centre of the bowl is the fountain pipe, tastefully hidden by virgin cork, weeds, shells, &c.

The Fountain is perpetual in its action, and it can be readily set in motion in a few moments by the most inexperienced person; its mechanism is very simple, so that it cannot easily get out of order.

BILLIARD TABLES.

THE undoubted and established superiority of C. L. & Co.'s Billiard Tables is amply proved by the constant and increasing demand for them, showing that they are really the only tables now appreciated in India. This success is due to the steadfast efforts C. L. & Co. have always exerted to supply their constituents with really trustworthy and reliable articles at as moderate a price as is compatible with good workmanship and material. The generous and liberal support extended to C. L. & Co. for upwards of half a century, is sufficient proof that their endeavours to render satisfaction have been appreciated by a critical and discerning public.

While the superiority of C. L. & Co.'s Billiard Tables has been universally admitted in India, yet the difficulties and risks of transport have hitherto prevented their friends in Bombay from largely availing themselves of the undoubted advantages offered by C. L. & Co.

Now, however, C. L. & Co. beg to intimate to their patrons in the Western Presidency, that they have made arrangements which will enable them to offer their Billiard Tables at the same prices in Bombay as in Calcutta. A Branch Agency, under the management of Messrs. SOUNDY & Co., has been established at No. 22, Rampart Row, where Billiard Tables of C. Lazarus & Co.'s manufacture are arranged for sale; and while thanking their constituents for the patronage hitherto extended to their Firm, C. L. & Co. venture to express a hope that, with the increased facilities now offered, their manufactures will be as well known in Bombay as they are already in other parts of India.

BILLIARD CUSHIONS.

C. Lazarus & Co. always keep on hand a large stock of their new and improved COMBINATION EXPRESS Billiard Cushions which can be fitted to any table, the exact length and breadth of the slate-bed being the only information required.

Old Billiard Cushions, if the woodwork is in good condition, can be renewed on the new COMBINATION EXPRESS principle, thereby making an old table as good as new.

IMPORTANT NOTICE.

C. Lazarus & Co. guarantee the SAFE ARRIVAL of their Billiard Tables at any Station in India. Should any breakage occur in transit, C. L. & Co. agree to make good the loss without further charge.

BILLIARD LAMPS.

The six-light telescopic lamp, on the duplex principle, to burn kerosine oil, as adapted by C. L. & Co., is the best Billiard lamp ever introduced.

C. L. & Co. have always on hand a large assortment of Billiard, Pool and Pyramid Balls, in Ivory or "Patent Celluloid," Billiard Cloth, of the finest quality only, Cues, Tips, Chalks, Cement and every requisite for the Billiard Room.
